

INTERNATIONAL CONFERENCE "INNOVATIVE APPROACHES TO LOCALIZATION"

<http://oilgasforum.uz/>

INFORMATION LETTER - INVITATION

Dear colleagues!

We cordially invite you to take part in the international conference "Innovative approaches to localization" which will be held on October 6, 2023 in in Kashkadarya region, the Republic of Uzbekistan under the auspices of Uzbekneftegaz JSC..

Conference organizers

- JSC UZBEKNEFTEGAZ
- SHURTAN GAS CHEMICAL COMPLEX
- TASHKENT INSTITUTE OF CHEMICAL TECHNOLOGY
- INSTITUTE OF GENERAL AND INORGANIC CHEMISTRY OF THE ACADEMY OF SCIENCES OF THE REPUBLIC OF UZBEKISTAN
- SOCIETY OF SCIENTIFIC ENGINEERS OF OIL AND GAS INDUSTRY OF UZBEKISTAN

Scientific program

The international conference "Innovative approaches to localization" provides an opportunity to get acquainted with the current state of research and practical work in the following promising areas:

- Innovations in the exploration and exploitation of oil and gas fields.
- Innovations in deep oil and gas refining.
- Innovative approaches in the development of an educational and production cluster in the oil and gas sector.
- Green chemistry and energy-efficient technologies - factors for sustainable development of the oil and gas industry

The conference program will include plenary presentations by leading experts, sectional presentations and poster presentations. Presentations by conference participants will be held both offline and online.

Conference participants will have the opportunity to demonstrate and discuss their work, identify promising areas of scientific research taking into account their development in other countries, and discuss the possibility of creating conditions conducive to mutually beneficial cooperation.

Working languages of the conference are Uzbek, Russian and English.

Participants from the list transfer and printing materials

The program and conference proceeding will be published until the start of the conference. The conference proceeding is assigned an international standard number (ISBN).
